

PCS NOMS Group Elections 2011

Vote for a Strong, DEMOCRATIC Leadership! Vote LEFT UNITY!

Left Unity candidates have been at the forefront of numerous campaigns within NOMS and have led the Trade Union movement from the front in the fight back against the cuts agenda: -

This year's PCS Elections come at an important time for all PCS members in NOMS. We are faced with unprecedented attacks on jobs, pay, pensions and working conditions from a Government which is proving to be equally hostile to Public Services and Trade Unions.

We urge you to consider what you want from your Trade Union in these difficult times, we ask that you read our leaflet and your PCS election booklet carefully.

We stand for

- Continuing to campaign and fight back to defend our Civil Service Compensation Scheme.
- Negotiating a fair deal for all members on JES and the resultant pay and grading review.
- No to compulsory redundancies.
- No detrimental changes to pensions.
- Negotiation, not imposition on all workplace restructuring.
- No to the privatisation of our workplaces and our jobs.
- No to the Pay Freeze, for real pay increases and not just 'progression payments'.
- Working together with our sister TUC affiliated trade unions at all levels, Unity is Strength.
- Working hard for genuine equality across NOMS and all PCS structures. For increasing the involvement of underrepresented groups in PCS.
- For an organising trade union, with an active, well trained membership in every workplace.
- No to bullying/harassment at any level.

If you agree with these policies then we ask that you cast your vote for the following candidates: -
