

NATIONAL ELECTIONS 2018 VOTE FOR DEMOCRACY ALLIANCE

YOUR COMMERCIAL SECTOR CANDIDATE KENNY MCKAY

"I have known Kenny for over 20 years, he is a hard working dedicated PCS rep and will defend and speak out for Commercial Sector members. I urge members to vote for him for the NEC"
Janice Godrich PCS President

From 19th April PCS members will receive ballot papers to elect your union leadership (NEC). We would ask you to consider voting for the Democracy Alliance candidates listed overleaf. We are pleased this year that Kenny McKay, President of the Commercial Sector is standing and urge commercial sector members to vote for him.

Kenny's record - I joined the Civil Service in 1973 and was employed in National Savings, being there for twenty six years before being TUPE transferred into the private sector where I have spent the past 19 years, firstly with Siemens, then to Atos where I have been employed ever since.

I have been a member of PCS and its predecessor union CPSA from my first day in employment, and became a union rep a couple of years later. I have held a number of union posts during this time including Branch Chair and a member of GEC to becoming PCS Group President in 2010

This role involves negotiating pay, terms and conditions for members on both ex-civil service and company contracts. I have always tried to ensure that member's views are heard and their concerns are raised and discussed at all level of meetings whether it is within the union or with management.

I was elected to the CSA in 2011. Last year I became President of the Commercial Sector (CS). I have found that meeting other reps within the private sector has highlighted the fact that we are dealing with common issues across different employers including: Job Security; Job Cuts; Redundancies; below inflation pay rises; off shoring; Outsourcing; Pensions.

Being a member of PCS, means that your union is the first line of defence when it comes to protecting jobs, pensions, terms and conditions and pay. I believe that it is important that union members in the commercial sector have a voice at all levels of the union and their interests are properly represented. I am pleased that this year the Democracy Alliance NEC are recommending to conference that there is a reserved seat for CS members on the NEC.

I firmly believe that my priorities as a trade union representative lie in protecting, promoting and defending members interests. The continuous cuts proposed by the government and attack on trade unions are a threat to us all, whether you work in the private or public sector. Many of us in the commercial sector are employed on government contracts so these do have an impact.

When you get your NEC ballot paper, please consider voting for me, my commitment is that I will ensure that the issues affecting commercial sector members are consistently raised on the unions most senior decision making executive,

In solidarity

Kenny McKay
